The transporter could also indicate a sequence here (page 12).

Adjust an existing Consignment

<u>As long as the timeslot has not been booked</u>, you can still adjust the consignment by choosing the option Existing Consignment.

TAS Consignments	
+ New Consignment	Existing Consignment
Start compiling a new Consignment below by selecting the warehouse where your transporter has to pickup / deliver some goods.	Enter the Consignment ID of a Consignment you've already compiled and also its Access Key. Then press the Edit button to start editing the Consignment.
+ Add a Consignment for warehouse +	[C683096] [62126] ✔ Edt

If a timeslot has been booked for this Consignment, and it needs to be adjusted, it will have to be removed from the existing Visit (Page 11). After this, the Consignment can be adjusted again with the C number and the Access key.

Adjust an existing Visit

There is also an option to adjust an existing Visit. To do this, choose Existing Visit and enter the Visit ID number. You have the possibility to add extra orders to the Visit or to cancel orders as described in the section <u>Book visit</u>.

Important: It is possible to move or delete a time slot that is already booked, <u>but only up to 24 hours</u> in advance. If you want to change a timeslot within 24 hours, please ALWAYS contact your usual customer contact at Kloosterboer Vlissingen.

🖉 Existing Visit	
Enter the visit ID of a visit you've already registered. Then press the Edit button to start editing the visit.	
V606480	/ Edit

Determine the loading sequence for multiple orders

If you have multiple orders to load, you can determine the sequence yourself via the following screen. To determine the sequence, click on the arrows that are shaded in yellow. The order at the top is therefore delivered first and will be loaded last by us.
